Dear Mr. Eaton:

Your letter about the Barry Gray program has been delayed due to the fact that engineering difficulties more or less precluded our sending you a recording of an excerpt from the show.

However, beginning in a couple of weeks we will be regularly taping a half hour of his midnight to 3:00 am program several times each week. This tape will include commercials for a local sponsor but it occurred to me that you could take one of these tapes and delete the commercials and use as much of the program content as you please. We, naturally, would like to have the tape returned to us after you have used it for your purposes.

If you would be kind enough to let us know whether or not this sort of an arrangement would be practical from your standpoint, we would be happy to send you one as soon as the new venture gets under way which will be at the end of November.

Cordially yours,

Norman Boggs
